THE ORGANIZATION

HEAD

HEAD stands for Habitat for Equity Achievements and Development or for energy, passion and engagement towards a society, where all people with different needs and abilities enjoy equality, solidarity and inclusion. As a non-government organization HEAD focusses on working with and for people with disabilities.

FOR A LIFE IN DIGNITY

HEAD operates Day Care Centres and offers Therapy Services in different regions and municipalities in Georgia. It supports the creation of a healthy, sustainable and up-to-date daily care, learning and therapy environment for children and adults with disabilities. HEAD aims to support, teach and accompany the beneficiaries to gain a more independent living, and integration into society.

THE LOCATION

GEORGIA

Although being quite a small country, Georgia is offering a diverse countryside from the black sea, over the high Caucasian mountains to desert-like zones and from small remote village to big modern cities. This offers a big basket of possibilities to explore, whatever your interests are.

KUTAISI

Kutaisi is located almost in the middle of the country, with connection to Europe via an international airport, via trains and mini-buses to many other regions in Georgia. Although it's the third largest city, Kutaisi still feels a kind of cosy and distances within the inner city are walkable. Infrastructure offers small supermarket with fresh local food and even international products, for social and cultural life there are theatres, restaurants, bars and even clubs.

YOUR PROFILE
